About

AICRS

Apollo Hospitals is widely recognized as the pioneer of private healthcare in India, and the country's first corporate hospital. The Apollo Hospitals Group, which started as a 150-bedded hospital and today, operates with over 12000 beds across 73 hospitals. A forerunner in integrated healthcare, Apollo has a robust presence across the healthcare spectrum. The Group has emerged as the foremost integrated healthcare provider in Asia, with mature group companies that specialize in insurance, pharmacy, consultancy, clinics and many such key touch points of the ecosystem. The Apollo Group has touched the lives of over 150 million patients from 140 countries.

The Institutes of Colorectal Surgery at Apollo Hospitals Chennai is one of the busiest colorectal units in the country. With more than 1200 colorectal procedures done every year with major focus on Multi-disciplinary management of colorectal diseases including cancer.

The **Institutes of Colorectal Surgery** at **Apollo Hospitals, Chennai** is collaborating with **Cleveland Clinic, USA & University College London Hospitals, UK** to create a platform for creating awareness, teaching, training & accreditation in the management of Colorectal Diseases. The aim of this collaborative is to standardise care pathways, train and accredit surgeons involved in the care of patients with colorectal diseases. This collaborative will be ongoing delivering an annual colorectal event focusing on different aspects of colorectal surgery/disease with main focus on emerging and new technologies for colorectal surgery.

Venue:

Hyatt Regency, Chennai, India

Programme

Director's Note

Along with my co-hosts, **Prof. Steven Wexner** from Cleveland Clinic, Florida, **Prof. Manish Chand** from University College London Hospitals and **Prof. Antonio Lacy** from Hospital Clinic, Barcelona, I welcome you all to “The 4th Annual Apollo International Colorectal Symposium” being held in Chennai between **2nd - 4th of September 2022.**

This year, in addition to the power packed programme over two days, we are having pre-conference work-shop for you on the 2nd of September 2022. Conducted by world-renowned faculty, the workshops will be on **Robotic Surgery, Fluorescence Guided Surgery, Laparoscopic Colorectal Surgery & Stapling Workshop, Endometriosis Surgery, Stoma Therapy & Colorectal Cancer - Peritoneal Surface Malignancy Masterclass Live from APCC.**

Our symposium on the 2nd and 4th of September 2022 will cover all aspects of colorectal diseases and surgeries. We have a stellar faculty from across the globe who will give us state of the art lectures on the management of colorectal diseases and advancements in surgical procedures. This symposium promises to appraise us on the cutting edge surgical procedures, master videos, technology, challenges and how to deal with them.

Looking forward to seeing you all soon in Chennai!
